DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kelly Nowak on 4-25-07.

Please see the attached claim amendment.

Claim Allowance

Claims 1-5, 9-13, and 16 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not suggest or teach a method of forming an interconnect structure, particularly heating the lead free solder and lead containing solder at the particular properties to result in having no distinct regions of lead free solder and lead containing solder.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
